Passionate about video editing and visual storytelling, I am seeking an opportunity to grow in a creative environment where I can apply my editing skills, learn new techniques, and contribute to producing compelling and impactful video content.

EXPERIENCE

FREELANCE VIDEO EDITOR

Local & International Client

2021 – PRESENT

Edited vlog, talking-head, gaming, and informative videos using CapCut Pro. Added transitions, text, basic motion graphics, background music, and visual effects to create engaging content. Enhanced audio and video quality for a better viewing experience and optimized videos for platforms such as Facebook and YouTube.

FRONT-END DEVELOPER INTERN

Advance Media Tech IT Solution inc.

FEB 2024 – JUNE 2024

Developed user-friendly and responsive websites by converting UI/UX designs into clean and efficient code. Ensured website quality, functionality, and performance by improving page speed and reducing load times. Worked closely with teammates and communicated effectively to complete projects successfully.
